

# Management in South Africa

March 16 - 23, 2024

The Management Department's Spring 2024 Study Abroad course will include a week in South Africa over spring break. One of the world's leading emerging markets and the 'Gateway to Africa' for business investors, South Africa is known for its picturesque natural landscape, richly diverse cultural heritage, and a vast supply of natural resources. During this once-in-a-lifetime adventure, you will learn about the economy, visit world-class businesses, take a safari and experience the unique culture all while earning up to six class credits. This course is open to both undergraduate and graduate students.

## Cost

\$3985

*All enrolled students will receive \$450 to assist in program costs. Additional scholarships are available.*
